VOCATION MONTH

“We give ourselves fully to Gods Call”

Vocation Month

“We give ourselves fully to God's call”

The worse thing that can happen to a person is that of not feeling loved, important, needed. The feeling of being useless, not needed, not wanted, not loved is the worse experience a person can go through. It can destroy a person and make him/her feel useless...and even wish he/she would never have been born and even wish to die

The vocation month is a reminder: WE ARE LOVED... WE ARE PRECIOUS... WE ARE CALLED.... WE HAVE BEEN GIVEN SPECIAL GIFTS.....WE ARE NEEDED... WE HAVE A MISSION...

- ** we have been created as the best part of creation, we have been made in God's image.
- ** We are the masterpiece of creation.
- ** Not only we have been created so great in God's image, but
- ** we have been created for a purpose, a reason, a mission.
- ** For this we are called, and given special gifts,
- ** we are unique, because the needs of the world are unique,
- ** we have a mission that no one else can do for us

What we are invited to do is to accept that gift the best of all, the gift of life a life that is needed by the people around us, a life that is fully lived only when we accept it as a gift and respond to it

with generosity and service.

The gift we received, the mission entrusted to us, the special charisms and qualities we have been given, they are not for us to enjoy but for the service of the brothers around us who are in need. The best way to live life is to give it as Christ did, to serve our neighbors, in a response to the call: our vocation.

The gift of a life freely received from God and a life freely given to others as a response to the call of God makes us Christians, followers of Christ, builders of communities and a better nation. It gives meaning and purpose to our lives. It makes us feel loved, wanted, needed... it even makes us feel true and authentic missionaries of God's love to the world

In this Vocation month, as we pray that we may live fully our life's mission as a vocation, we do not forget to pray for our seminarians, that they may be generous in responding to His call to minister to people as priests and religious.

May God bless and strengthen our Christian community and bless our children, our parents, our elderly, our sick and all our families

with you a friend For you a bishop who loves you all with a Solo heart made in Italy.

“We Promote, live and experience in our lives, the Value of COMMITMENT as a way to live Church as Community with our brothers and sisters and the nature around us.”

Happenings in our Parish

Ordination of Fr. Charles Tani Thugea OP

Hundreds turn up to witness the ordination of Fr. Charles Tani op on the 26th of April. The ordination really brought joy to the family, relatives and friends. Unfortunately for the newly ordained, his father who had come over from Choiseul, well in time for the ordination, died 3 weeks before the consecration of his son Fr. Charles Tani op.

A handing over procession commenced from Loga Island to Gizo township where he was welcomed by warriors, and

then, with his mother and relatives he was escorted to be handed over to the bishop of the Diocese of Gizo.

With the challenging message from the Bishop of the Diocese of Gizo, Luciano Cappeli sdb, Fr. Charles Tani was then handed to the friars of the Dominican Order. The Bishop conveyed his appreciation to the Dominican for their Religious upbringing of the Diocese this far.

The young and newly ordained priest showed his appreciation of the occasion, and thanked everyone who helped one or the other in bringing him to become a member of the Religious Order. He concluded on how proud he was and the joy he felt ,with everyone's commitments and prayers.

Health Awareness Hits Moli Schools

As the virus the "Dengue fever" caused fear among communities around other provinces, the diocese steps in to educate more students, their teachers and other village elders to be able to cope with the problems themselves and help to protect themselves, their families and also their communities.

A series of awareness which was facilitated by Gwen Kuibatu and Sr. Rita op has its impact messages that enable some interested individuals to give questions, contributions, suggestions and comments.

The awareness talks enable each one to identify the type of mosquito, the signs and the symptoms of the illness, identify their breeding sites and how to get rid of those areas and the proper way to manage an infected person.

Similar awareness will also continue to reach other parishes as this is part of the help support the Health Ministry in bringing down the virus that causes thousands of cases and few deaths in our country.

FRIENDSHIP

9 LOVING FRIENDS GIVE ADVICE TO ONE ANOTHER AND ACCEPT IT

A friend who really is a friend

- is not afraid to advise you and point out your faults;
- accepts the same from you and is ready to change ideas and lifestyle to fit in with you.

A true friend doesn't just give you money, clothes, and flatter you all the time with compliments.

A real friend is brave enough to tell you what may be wrong with your life.

Proverb:
“Small termites can build a big anthill because each one gives something towards it.”
